

## Year 1 Autumn Round Up

Wow, we have had such a busy start to our school life up in the treehouse in Year 1. It has been a very long term and we seem to have crammed in quite a lot. We have been working hard on our writing, trying to make sure our letters are the correct size and have been putting sentences together. We enjoyed writing our own set of instructions after making cakes in class.

In Maths, we have been working hard on numbers up to 20 and making sure that we are confident on our number bonds to 10. If you have time in the holidays why not play a quick game of Hit the Button on Top Marks; we've enjoyed practising this game in class. We have also been looking at addition and subtraction and our number bonds knowledge has been helping with these skills.

In our afternoon classes we have learnt about our School Grounds in Geography and the area around our school. We looked at our school buildings on a map and created our own maps of our journey to school. In History, we have learnt about the Great Fire of London and found out some key facts about how the fire started, how it spread and how it finally was put out.

In Science, we have been looking at materials and the properties of these. We have thought about which materials would be best for certain jobs such as plastic is waterproof and a coat would not be great made out of paper!

In RE, we started the beginning of the year with visits from Blackpool Schools Youth and Sue shared with us the stories of how the world began and the miracles that Jesus performed. We have been busy learning all about

Christmas this half term and how Jesus was the greatest gift that we have ever been given. We were able to share this wonderful story in The Greatest Gift production, we hope you enjoyed watching it as much as we enjoyed performing in it!

We hope you have a wonderful Christmas break spending time with each other and family. We can't wait to hear all about it when we return in January!

**Mrs Bamber, Mrs Lucarelli and Miss Wilson**
