

**Class 4 Autumn 2**  
***Geography Homework Projects***

## **RIVERS OF THE WORLD**

Over the course of the remaining six weeks of this half term, you need to **create a poster** about one of the following major rivers of the world.

Amazon	Mekong	Ribble
Clyde	Murray	Seine
Congo	Nile	Severn
Danube	Orinoco	Thames
Ganges	Rhine	Yangtze

You can use the blank maps as a template for your poster (you can find these on our class page on the school website).

You need to **draw on the river** trying to match its flow as closely as you can.

Your poster also needs to include the following:

- ✓ The names and flags of countries the river flows through
- ✓ Which body of water does it flow into
- ✓ How long it is
- ✓ How close is it to school? (PR4 ORA)
- ✓ Which major cities does it flow through
- ✓ Any significant monuments it flows near
- ✓ A photo of the river

Make sure that all **punctuation** is accurate (places, countries, bodies of water are proper nouns so need CAPITAL LETTERS!)

As you are using secondary sources to find the names of places etc. you can **spell** everything 100% accurately.

**I have included a WAGOLL on our class page of the website.**
