In Class

This week we have been doing a lot of preparation for our Christmas production, Joy to the World. This fits in beautifully with our RE unit this half term which is Christmas Around the World. We have been finding out about Christmas in Greece and Miss Georga has been teaching us how to say 'Happy Christmas' in Greek too. We also found out about Christmas in The Congo and in Italy – it is fascinating how different cultures choose to celebrate this most precious event. In our Maths this week, we have been finding out about the relationship between the 2x, 4x and 8x tables. The 8x tables are tricky, but if we double the 2x tables and double the answer again, we can solve problems more easily. Please encourage your child to take part in the TTRS battle this week and practise these more advanced multiplications. We played benchball again when our PNE coach came to teach us on Monday, working on our passing and catching skills which are definitely improving!

Thank you to all parents who sent in tombola prizes and gave money for your children to take part. The children loved pulling corks from the box and many prizes were won. All money raised will be put towards new resources and experiences for your children so thank you!
